

PATIENT-DOCTOR AGREEMENT

The purpose of this agreement is to allow us to completely serve you and for you to get the best results in the shortest amount of time. It is our experience that those patients, who follow through with these agreements, get the best results.

SIGNING IN

When you arrive, sign in. You will be called and assigned a treatment area in the order you signed in for the Doctor. On each visit, pick up your appointment card at the front desk, and go to the assigned treatment area. Rest, relax, and the Doctor will be in as soon as possible.

NEW PATIENT ORIENTATION

It is the policy of this office that you, the patient, participate in your recovery. We strongly recommend that all patients attend our ***Patient Orientation Class***, within the first two weeks of starting care. This class explains how the body functions, how Chiropractic works, the difference in being treated with a specific upper cervical technique, and how results are produced applying this technique. Family and friends are always welcome. There is no charge for this class. While children are welcome in the office during our regular treatment times, we do not recommend bringing them to the Patient Orientation Class. During your treatment series, re-examinations and progress reports will be done on a regular basis.

MISSING OR CHANGING APPOINTMENTS

The Doctor has set up a specific course of treatment for you. A certain number of treatments in a set amount of time are required to get the results we both desire. Please, if you need to change the time of your appointment, plan to come another time the same day, or if the same day is not possible, it is important that you make-up the missed appointment within that week. Our main goal is to keep you "on schedule". If you are here for spinal correction, and not just symptomatic relief, you will be expected to follow the Doctors treatment recommendations on order to get the best results. Following these recommendations will help you to achieve your goals in this care and in your health. A wise man once said, "*Schedule your life around your health, not your health around your life!*"

APPOINTMENT TIMES

We will set a specific time for your adjustment. Try to be as prompt as the Doctor has set this time aside for you. Our goal each visit is to detect and correct vertebral subluxations and during this time, that is all he/she will do. If you come at another time, you may have to wait a few minutes, as the Doctor also sets aside specific times to see new patients and conduct extended consultations. We value your time and do not want you to wait needlessly. If you wish to sit down with the Doctor to discuss your case, a specific Doctor/Patient conference can be arranged at no additional charge.

COMMUNICATION

Please communicate directly to your Doctor, about any upsetting matter, such as waiting too long, rudeness by any staff member, failure to understand treatment, the need for extended consultation, etc. We are here to serve you. Your criticism will help us to help you as well as others.

FINANCIAL POLICY

We will expect you to honor the financial agreement you make with our office. In order to serve you better, please plan to make any payment/payment arrangements at the front desk before you go to your adjustment. If you are a CASH patient, we request that 100% of the first visit be paid at the time treatment was rendered. For your convenience, future payments may be arranged at the first visit of each week. We accept cash, check, MasterCard or Visa. If there is a balance left on your account at the time you choose to complete treatment, we ask that you clear it before leaving. If you are unable to clear the balance at that time, we will be willing to set up payment arrangements on auto-debit and work with you until it is cleared. **If the balance is not cleared and no payment arrangements were set up, we will unfortunately be forced to send your remaining balance to collections after a reasonable period of time.**
